Guidelines for Arrupe Center Research Fellowships

1. Potential Arrupe Center Research Fellows submit proposals to Arrupe Center staff to engage in professional development activities. Proposals are evaluated based upon *a*) the degree to which these activities serve to integrate ethics in research, teaching, and/or student learning, *b*) the quality, rigor, and completeness of the proposal, *c*) the complementarity to the applicants' research, teaching, and faculty development plans, and *d*) available funds.

2. Funding is available for ethics-related research that: *a)* develops a new research stream with ethical content or *b)* extends current research with subsequent integration of ethical content. Funding is not available for research that is already completed, regardless of ethical content, or previously funded from another source. Applicants must specify how this stream of work will substantially evolve as a result of becoming an Arrupe Center Fellow. Submissions are accepted on a rolling basis and subject to funds availability.
3. Joint Research Fellowship proposals are welcome as long as the lead applicant is an HSB faculty member. All applicants must be full-time, tenure-track, Saint Joseph's University faculty. Funding awards for Arrupe Center Research Fellows will be divided evenly amongst all applicants on a particular request.
4. A *publishable piece of research* must be produced by the end of the funding cycle. This represents successful completion of an Arrupe Research Fellowship.
5. An Arrupe Center Fellows Research stipend funding cycle starts on notification of acceptance and ends one calendar year later. One-half of stipends will be disbursed via direct deposit upon acceptance of proposals and the remainder upon project completion.
6. You may teach year-round (on and off-load) as an Arrupe Center Research Fellow, but you may not participate while you are receiving University summer research grant. Your endeavors as an Arrupe Center Research Fellow should be distinct from all other ongoing funded research activities.
7. We encourage you to attend Arrupe Center campus events, especially throughout the year of your fellowship.
8. Faculty may be simultaneously eligible for more than one type of Arrupe Center Fellow appointment; however, the fellowships must involve separate and distinct work.
