Virtual Giving Tree

Submitting Information

This year, Covid-19 restrictions make collecting for the Virtual Giving Tree a totally virtual experience! We ask those who wish to submit a family to do so by creating an online Wish List. The Wish List should have 3 to 4 items per person, and can be posted online on either Amazon, Target, or Walmart.

Once your wish list is created, submit it to the email below by the deadline: December 10, 2020
IMPORTANT: We are limiting the Giving Tree to the **FIRST 5** lists submitted.

Anyone wishing to donate a gift card of your choosing, for example: a specific store rather than creating an account, please let us know. We will be happy to donate them to Project Home.

We appreciate your participation in this drive. Our goal, as always, is to provide smiles to those families in need that we are able to help through this effort.
