Logging into the Nest

1. In your web browser go to www.sju.edu
2. On the main page, click on the Nest. Log on to the Nest.

From the Nest, click on “Classes & Registration”
3. Click on “General Class Schedule Search”

4. Change the Term to Spring 2019
5. From this point you can use a variety of search options to find specific courses and access information
   a. You can search under the “Special Interest” drop down box for classes such as:
      i. GEP classes
      ii. First Year Seminar classes
      iii. Honors Classes
      iv. Etc.

6. You can use the Subject and Course Number to find specific classes
   a. Such as History 154, Theology 154, Biology 101 Etc.
7. Click the submit button in the bottom left corner to search for classes with the requested requirements.

8. Look at course: Days, Times, Seats, Instructor, and Sections.
9. Press on the CRN Code for more specific information about the class.

10. The CRN page tells you vital information such as restrictions, required classes, a brief description of the course, and other attributes.
   - The CRN code is the code used to register for specific classes, each course at Saint Joseph’s University has a different CRN.
