OUR MISSION: Saint Gabriel's provides quality treatment services for delinquent youth to assist them in becoming responsible, competent, productive members of the community, through education, social work, youth care, clinical services and support services.

Description of Agency: Saint Gabriel's System takes the time to serve each client and help them see that a positive future is possible. We provide a Safe environment where young people learn how to understand and manage their Emotions, handle Losses in their life and community; and move forward to a brighter Future. This is done by equipping them with protective measures that will enable them to succeed: Achieving a Diploma, Career and Technical Training and Certification; obtaining job readiness skills and work habits; obtaining employment; internalizing the value of regular school attendance; and internalizing the value of counseling. Ultimately we are arming young people with Affect Regulation; Coping Skills; Educational Skills; Career Technical Skills; and Employment Skills which provide the keys to success. We are more than a school or treatment facility—we help children re-imagine tomorrow.
