GEOKIDS EVALUATION PRINCIPAL INTERVIEW PROTOCOL
May 2004

1. How long have you been principal at _________? What type of work were you doing before coming to the school?

2. What types of students does your school serve? What is the relationship between your school and the School District?

3. What are your school's biggest priorities? Is science education in the top 5?

4. What was science education at your school like before the Wagner Geokids program began there?

5. How are your teachers chosen for the GeoKids program?

6. What are the best things about the GeoKids program in your school? Do your students and teachers appreciate the field trips?

7. What could GeoKids do differently that would help your school more with Science Education?

8. Are you interested in continuing to have GeoKids in your school?

THANK YOU FOR YOUR INPUT
