View Your Course Schedule

The Nest offers two ways to view your course schedule:

Schedule by Day and time (this works well for students who are taking full-term on-campus courses. It displays your courses on a day/time grid by week. Online courses and 8-week courses will appear at the bottom of the grid)

Detail Schedule (this provides the details for all classes in which you are enrolled for a particular semester. This view is recommended for students who take a variety of full-term, online, and/or 8-week classes)

To Access your Schedule through School Services in the Nest

- Log onto the Nest
- Click on the School Services tab at the top of the page
- In the Administrative Services block select "Student"
- Select "Registration"
- Select "student schedule by day and time" and enter the date for the week you want to view
  or
  Select “Student Detail Schedule” and enter the term you want to view (recommended view)

Shortcut to view your Schedule by Day and Time

- Log onto the Nest
- Click on the Classes and Registration tab at the top of the homepage
- Scroll down to the Academic Resources Block in the lower right corner of the page
- Click on View Class Schedule
