CLOSING EXTENSION HOUSING AGREEMENT

I understand and accept the following guidelines for the privilege of remaining on campus while the residence halls are closed for the spring semester:

- All University policies and procedures are in effect.

- In the event that I am involved in any disciplinary or safety related incident, I will be asked to leave immediately and will be responsible for making arrangements for my own off-campus accommodations. In addition, I will forfeit my privilege of remaining on campus for future break periods.

- During this period, residents will not be permitted to have guests.

- The cost of any common area damage which occurs in the building during the extension period will be divided between all students that had an exception to remain in the building.

- Cooking is prohibited in the residence halls (except University Apartments). Check the Campion Student Center for a posted Dining Services schedule. Cooking is only permitted in the campus apartments.

The phone number for Saint Joseph’s security is 660-1111. Please utilize the University escort service accordingly. Always contact security in the event of an emergency or if you are concerned for your personal safety.
