

## Study Abroad & Co-op

### What if I am planning to study abroad or participate in a co-op for a semester?

Students participating in Study Abroad programs or Co-Op experiences in locations farther than 30 miles from SJU will be released from a Housing Agreement for the semester(s) of their experience. Any student who submits a Housing Agreement for the 2017-2018 academic year will be guaranteed on-campus housing for the semester they will be taking classes on campus.

### Fall Semester Departures:

Students planning to Study Abroad or participate in a Co-Op experience or internship for the Fall semester may participate in the Early Action Selection Process or may submit a Housing Agreement to be guaranteed on-campus housing for the Spring semester when they return. Students who are confirmed to participate in a Fall 2017 Study Abroad or Co-Op program will not be assigned a selection time to make a selection during the formal selection process. In November 2017, Residence Life will communicate with all students who are returning from a Fall experience to inquire about their housing preference for the Spring 2018 semester. NOTE: Returning students will be assigned based on vacant spaces in on-campus housing. If you intend to Study Abroad for the Fall semester, we suggest trying to find a student who intends to participate in a Spring semester experience. Our office can "trade" assignments, assigning you to the space to return in the Spring when the Fall student assignment is removed.

### Spring Semester Departures:

Students with a signed 2017-2018 Housing Agreement should participate in the Housing Selection Process to make a selection for the Fall 2017 semester. Students who are then confirmed for Study Abroad/Co-Op/Internship experiences for the Spring 2018 semester will be released from the Housing Agreement and may move out of their on-campus assignment at the end of the Fall semester.

**If you make a Housing Selection prior to the confirmation of participation in a Fall Study Abroad/Co-Op program, your assignment will be removed for the Academic Year. You will receive notification from our office in November to indicate your housing preferences for the Spring semester. NOTE: We are not able to guarantee your return into the originally selected space.**

**In addition** to the Exclusive Merion Gardens and Townhouse Communities, Juniors/Seniors wishing to live with a rising Sophomore students(s) may be pulled into a space by a rising Sophomore at the earliest selection time. Rising Sophomore selection will occur during the Housing Selection Process in the Spring 2017. (Sophomore selection occurs prior to Junior/Senior selection)

  - How and when is it refunded?
- ? **Subletting:**
  - Is it permitted?
- ? **Parking/Transportation:**
  - Is it available?
  - How will I get to campus?
- ? **Utilities:**

**Commonly Asked Questions**

**Is the Housing Agreement binding for one semester or the entire year?**

For the entire academic year. Students who are participating in an off-campus program (Study Abroad/Co-Op/etc.) will be released from the Agreement for the semester during which they are away. See the reverse for additional information specific to Study Abroad and Co-Op.

**Can I submit a Housing Agreement as a back-up plan in case I am unable to secure off-campus housing?**

NO! A student should not enter into a University agreement AND an off-campus contract. In doing so, the student would be held financially responsible to the cost of the University's Housing Agreement. If a student is not able to secure off-campus housing, we may be able to accommodate late Housing Agreements even through the summer prior to the start of the academic year.

**Is there a deposit required to participate in the Housing Selection Process?**

A \$350 Reservation Payment is required to participate in the Housing Selection Processes. This payment will be credited toward the 2017-2018 Housing Charges.

**How are the selection times assigned?**

No selection times will be assigned for the Early Action Selection Process in December. This process will allow students to make their selection in the order that they arrive to the event.

During the Spring Selection Process, selection times are randomly assigned by class year, through an automated computer program.

**Are there summer housing options in the Exclusive Upperclassman Communities?**

Rising Juniors and Seniors who select into Merion Gardens or the Townhouse Communities will have the opportunity to complete a 12-month Housing Addendum, allowing them to move into their assignment in May for an additional cost. Students with a completed 12-month Addendum will be permitted to stay in their space during University breaks through the 2017-2018 Academic Year.
