¹ACC 101EC Excel Competency is a one credit online course in conjunction with ACC 101. Competency in Excel must be demonstrated by all first-year business students in the fall semester.

²DSS 210 is a pre-req for DSS 220 and should be taken first, DSS 200 is not and can be taken either semester.

³BSA major electives choose two (2) upper division courses from three different departments (for prerequisites, see course descriptions of the upper division courses). Choose among: Accounting, Business Intelligence, Finance, Food Marketing, Management, Marketing and Pharmaceutical and Healthcare Marketing. These courses must be in addition to any course that is part of the Business core and must be in three different departments, not majors. For example, you cannot take two in Managing Human Capital and two in Family Business and Entrepreneurship and two in International Business and have all six courses count for the BSA major elective courses as these majors are all in the Management Department.

⁴Please see the Business Administration section of the online catalog for courses that meet the ILC requirement.

⁵To satisfy this requirement the student may take either one-credit laboratory course or two 3-credit non-laboratory courses. If choosing the 2 semester option, the second course replaces an elective.

Overlays: In selecting courses, students will be required to identify courses that meet the overlay requirements in the areas of 1) Diversity, Globalization or Non-Western Area Studies, 2) Ethics Intensive and 3) Writing Intensive. Many of the courses already in your schedule may cover these areas.
