***The elective course:***

- FIN** \_\_\_\_\_ Your course title: \_\_\_\_\_

This elective must come be a 300 or 400 level FIN course. RMI or FPL courses cannot be used to satisfy the requirements of the FIN minor unless approved by the Finance Department Chair. The student should be sure to complete the required pre-requisites for this final course.

The first two courses in the Finance Minor are called the financial core: ACC 101 Financial Accounting and FIN 200 Introduction to Finance. These two courses can be double-counted toward a student's business major, and do not have to be replaced in the minor. Students are responsible for completing the prerequisites to these courses outside the minor.

The FIN minor requires students to complete the other four specialization courses in the topical area. These courses cannot be double-counted in the student's major.
