

# Fire Arms Policy

## Fire Arms Policy:

The carrying, or presence, of a fire arm is not permitted on University property, including but not limited to one's vehicle, office, residence or locker, except when the firearm is carried by a deputized law enforcement officer and/or agent who is conducting official business on University property.

The University policy concerning the prohibition against the carrying, and presence, of firearms on campus, is intended to conform to applicable statutes of the Commonwealth of Pennsylvania. Such statutes define firearms as any pistol, revolver, shotgun, or any weapon which is capable of firing a projectile.
