This month-long, immersion-based course will improve students’ command of Italian as it provides an enriching cultural experience. **Students will discover what it means to live amidst ancient ruins, baroque basilicas, and artistic treasures as they learn to navigate the eternal city.** Through excursions and task-based activities students will acquire practical skills as they are immersed in Roman cuisine, culture and history. In particular, we will examine forces that have shaped the world we have inherited through units on the Jesuits in Rome.
