Introduction

Welcome to SJU Hawk-Fit!
This year we are rolling out an entirely new fitness class program! With flexible passes and memberships, and a variety of new classes to try, getting fit has never been easier or more fun on SJU’s campus.

Fitness Classes
Taking a fitness class is a great way to take a break from school and work and do something both fun and healthy. You’ll never be bored with the ever-changing workouts and diverse class schedule. We know your life is unpredictable, so we make it easy for you to workout at a time that is convenient for YOU. No need to commit to a particular class. With our flexible plans and passes you can try something new every week!

Personal Training
 Sometimes you might feel like you need a little extra push to work to your full potential and maybe even target those problem areas. Schedule a personal training session with our certified personal trainers! You can choose a one-on-one session or even a small group, at a discounted rate.

Private Group Camps
You can work with us to schedule a private class for your club, department, sorority, fraternity, sports team, dorm floor, or even just a group of friends! Working out together can be a great team building experience and a great way to make working out fun. Email us for more information.

Hope to see you there!

Class Descriptions

Total Body Conditioning - This one’s a favorite! Starts with a warmup, followed by 4 rounds of 8 exercises that will target each muscle group for a full body workout.

Zumba – Zumba™ is a fun way to dance your way to a healthy body! With Latin-inspired music and easy to follow dance moves, you will begin to burn calories and sculpt your body.

Core + Flexibility - Target your abs and center with core conditioning, followed with controlled stretching to increase flexibility which can reduce injuries in future training sessions and classes.

Express-Fit - This short and sweaty class will give you a full body workout in just 30 minutes! Great for those days when you just don't have the time. Think of it like a mini trip to the gym, without having to wait around for your machines or weights.

Bootcamp (Indoor/Outdoor) - Get an intense workout and challenge yourself to a series of cardio drills and body weight exercises. We will be working out both inside the studio and outside, so be sure to dress accordingly!

SJU Circuit - This HIIT-style class made up of high intensity exercises uses everything from weights and the Bosu, to the suspension trainer and your own body weight!

Barre Burn - This barre class combines Pilates, yoga, and ballet moves. It is a low impact class, but you will definitely feel the burn! Through a variety of isolated movements, you will begin to sculpt your body. No dance experience required. Yoga socks (with rubber grips) or are encouraged.
2017 Class Descriptions

T.A.N.G. - “Tight Abs N’ Glutes” - this will target everyone’s favorite “problem areas”: abs and glutes!

Hawk HIIT – This class is just 35 minutes but you will get an intense workout that will keep your body burning off calories even after class has ended! High Intensity Interval Training is the key to seeing results in less time.

Candlelit Yoga – This evening class will teach you the basics of yoga, in a calming candlelit environment.

Power Yoga – This yoga class is the best way to refocus, destress, and get an awesome workout all in one! Great for athletes looking to add some much needed stretching into your weekly workout routine, or anyone interested in seeking the unlimited benefits of practicing yoga.

Yoga – This “express” yoga class is specifically for the faculty and staff at SJU and is 45 minutes long.

Cardio Barre – A great combination class which brings together aerobic exercises class to bring up the heart rate, and some traditional barre exercises to work on your muscle definition. This is the ultimate calorie burning combination!
